

SCRUFFIES NEWS

TRAINING DAY Edition.

“Adventure dog teaches massive new group of Sailors to Sail”

..and Helps some older ones improve their Skills..

Whats that?

AND HELPS SOME OLDER ONES IMPROVE THEIR SKILLS!

*“Scruffie the Adventure Dog,
Chief Teaching Instructor, Safety Boat Operator,
Land Sailor, Rope Wright, Sail Maker,
Social Commentator ,
Anti Age-Discrimination Advocate.*

Scruffie loves sailing, almost as much as Journalism, Planning or organising. As the days get cooler and shorter, it's difficult to get all the adventures you need. So when rumour had it the Scruffie was become grumpy and house bound. Someone had to help. Fortunately Scruffie has many , Many Friends. And One of them is TONY - Tony loves to train new sailors in Spring and Autumn. So Scruffie quickly contacted TONY and promised he would help with the Transport and Packing if Tony would arrange a few days training.

So before you could say "Starboard Tack" he got his friends to book in on TRYBOOKING and a massive group on new Sailors were ready to start sailing. The problem was that it was so Popular it was quickly booked up. Some of Scruffies more Experienced friends wanted to come Sail as well. What was Scruffie to do ? Then He remembered his OLD friends. He wrote a Letter and bought a Stamp and mailed it. Within only a Week His good Old Mate Bryan RSVP's in Calligraphy on Scented paper and Scruffie knew he would have someone to Help the Experienced Sailors.

After instructing his Editor to pack and do all the Preparation, Scruffie was Now ready for his Amazing TRAINING DAY.

- 1 Rescue Boat
- 8 Pico's
- 3 Pacers
- 8 Brand new Sailors
- 6 Intermediary Sailors
- 6 Experienced Sailors
- Very Gentle winds
- 3 Blue Sailing buoys
- 5 Adult Leaders
- 1 Happy Guest
- 4 Awesome hours

THANKS

- Tony – Who fixes the boats? Tony - Who packs the gear and preps all the sails? . Tony.
- Who says thanks to Tony - All of Us.
- Thank you to all the leaders who came to tow and teach- One of our best trainings - According to Scruffie.

Preparation: Fortunatley Tony has a lots of help from Scruffie sorting and packing the Gear.

The Day starts with Scruffie and the Leaders arriving to set everything up. Scruffie gives everyone their jobs and heads out on the water to setup the Course.

Some are more successful than others at rigging.

And Soon we are on the water, New people, Beginners, Intermediary and Expert. And Some who are still deciding

Weather and conditions for training day are perfect , gentle winds and Sunshine.

Some dont decide until later - Scruffie heard from a very reliable sourece , that everyone enjoyed themselves a great Deal.

Scruffie loves Friends. Here he is with his new Friend. She visited Us and did A great job Sailing a Pacer

And here he is Instructing his OLD friends.Tony And Bryan. Speak UP SCRUFFIE - THESE are OLD FRIENDS/.

But others were looking forward to the best part of the day - Capsizing. In this case , its "Man over board" - Miles from shore

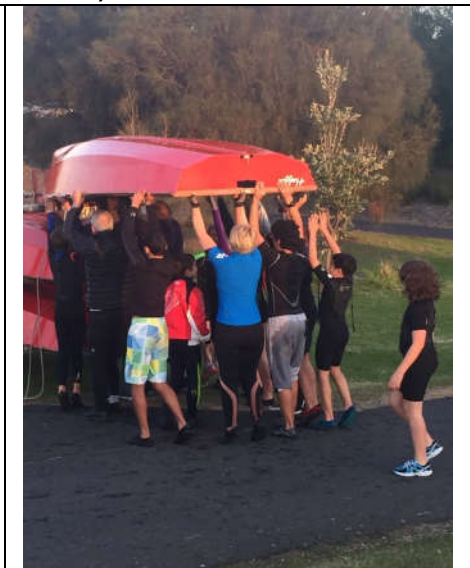

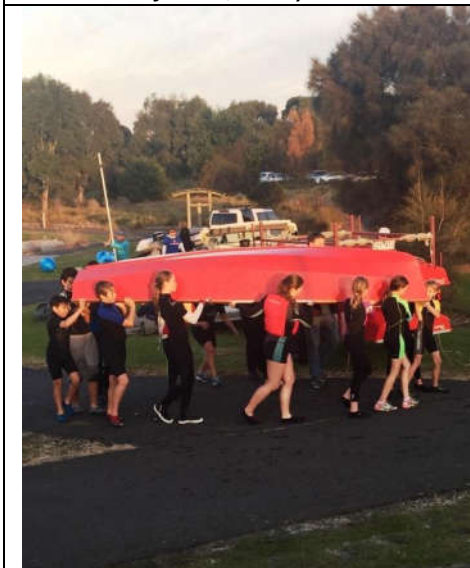

Pacer crews heard that a Pico was available. Rush to swap out their craft for one that can be capsized.

And soon they head out and almost emmediately the Crew is sailing the Pico "Alternative Tacks"

Not to be left out , many other start to practice Dry and Wet Capsizing. But soon the day is Done and its time to Pack.

The famous Giant Red Centerpede of Karkarook only comes out in the Twilight.

When relaxed the Shell is Low.

But when Challenged by Local Children it can become Agitated and raises its shell.

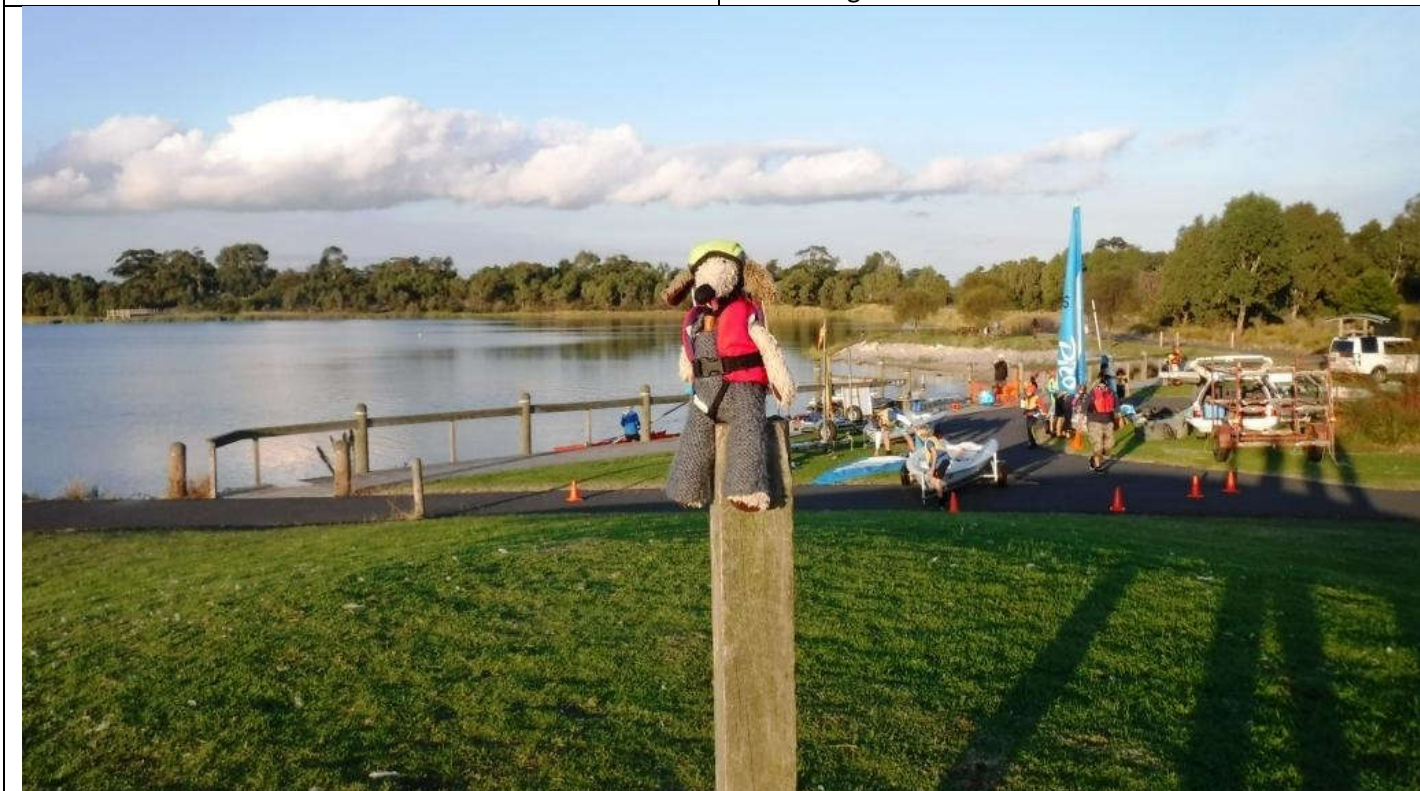

Scruffie is an Expert at rope work and So is always called on for the difficult jobs , like securing the mast stays to the Mast for transport. No rest for him as He needs to help these Scouts.

We better be Quick . The Sun is dropping down below the hill. Scruffie thinks that with the News these days from America, that maybe the sun is setting in the East. And with Science and Climate Science being denied and defunded we better act soon or it will.

In other areas work to pack up is so Quick and organised that a Unblurred Photo is impossible.

And eventually Scruffie can Do the Closing Parade. Everyone agreed that it was Awesome and that they had all learned a lot and were looking to June 3rd to come and Sail again.

Another Awesome Adventure!

Everyone Agreed that Scruffie was the Best! (And a good time was had by all)

***Book into the NEXT GREAT training day scheduled for
Saturday 3rd June 2017
Ad email will be sent!***

Also Stay tuned for the NEXT exiting Chapter....

***SURVIVAL CAMP!!!
Have you booked in yet ?***
